MANUEL A. RAMIREZ
Front End Web Developer

Resume Summary

Since my first work experience 13 years ago as a civil engineer and entrepreneur, I have always been passionate about the world of computers and software.

One year ago, I realized my dream of becoming a Full-Stack web developer through self-learning. Finally, after hundreds of thousands of lines of code, I successfully achieved the FullStack Javascript Bootcamp.

I am looking for the perfect setting for developing my skills as a team leader, commitment, responsibility, and pro-activity, always focused on the common interest above the individual.

Experience

Nov 2021 - Jan-2022

Bootcamp Assistant (TA)   Henry

- Coordinate a group of students to achieve integration to the study group.
- Guide students in the first steps of the course.
